

INTEROFFICE CORRESPONDENCE

DATE April 22, 1992

TO R B Hoffman, Classification Office, Bldg T893B, X4598

FROM ²⁰¹ K O Taylor, Administrative Record Coordinator for RPD, Bldg 080, X8642

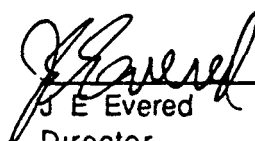

SUBJECT CLASSIFICATION EXEMPTION WAIVER FOR THE ADMINISTRATIVE RECORD - KOT-004-92

Refs (a) P L Fuller ltr, PLF-002-92, to R B Hoffman, Request for Exemption from Review for Classification of Remediation Programs Division (RPD) Documents

(b) R B Hoffman ltr to P L Fuller, Classification Exemption Waiver for Remediation Programs Division (RPF) Documents dated March 6, 1992

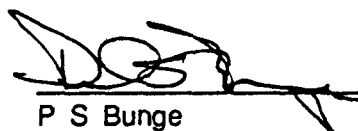

Attached is a copy of the interoffice correspondence dealing with the Remediation Program Division's request for exemption and the resulting waiver granted to the Environmental Management Department for reviews for classification. Because of the Remediation Program Division's (RPD's) move off plantsite to the Interlocken Facility and the history that has been established relating to all the Operable Units (except Operable Unit 15), RPD is requesting an exemption from classification/UNCI review for documents to be included in the Administrative Record. The Administrative Record (AR) is a collection of all documents which were relied upon to select a response action for the cleanup of the IHSSs. All documents included in the AR will be placed in four repositories [Environmental Protection Agency (EPA), Colorado Department of Health (CDH), Rocky Flats Monitoring Council, Rocky Flats Reading Room] for the public to review. This waiver, which is related to the AR, has been discussed verbally with K L Dallarosa.
